

The 10 Most Innovative Galleries of 2016

Who pushed the boundaries this year?

artnet News, December 22, 2016

10. Team Gallery (New York and Venice, California)

We're already looking forward to the first 2017 group show (opening January 12) at Team Gallery on the Lower East Side, "The Love Object," organized by Tom Brewer and featuring a lively mix of artists, including Zoe Barcza, Allison Branham, Brice Dellsperger, Jenny Holzer, Laura Hunt, Christian Jankowski, Hanna Liden, Alissa McKendrick, Sam Samore, Heji Shin, Martine Syms, and Georgia Wall. Also catching our eye in recent months was Alissa Bennet (the gallery's museum liason) and her involvement with the protest "Dear Ivanka." Along with curator Alison Gingeras and Jamieson Webster, she is a member of Halt Action Group, the organization behind this Instagram account and the protest.
